*Newark Alliance for People Power*

Dear Newark Residents:

The May 1994 elections are approaching and once again the future of the City and Children is in our hands. Can we afford to re-elect the same political representatives who have given us a legacy of:

- Corruption and mismanagement within the system
- A 16.8 % unemployment rate
- A 23.6 % population below the poverty level
- A 60 million dollar police budget with little or no community policing
- A 10 year unaccredited school system with billions of dollars down the drain
- An escalating and unfair water and sewer rate
- Taxation without true representation

With Dr. Walton we have a clear choice for new and effective leadership for all citizens of Newark.

Please join with us to elect Dr. Colleen B. Walton, as the First African American Woman, to be our 38th Mayor of the City of Newark.

VOTE LINE                    3A  
MAY 10, 1994  
COLLEEN B. WALTON  
FOR  
MAYOR

(201) 926-5574

(201) 943-7980

# DR. COLLEEN B. WALTON

P.O. Box 20433, NEWARK, N.J. 07102 • TELEPHONE (201) 923-7980

My fellow Newarkers:

I, Dr. Colleen B. Walton am asking for your help, for your support, for your vote come May 10, 1994 in order to become your next Mayor.

I am, as you, a person who is fed up with the corruption and the mismanagement which is plaguing our city. I am, as you are, fed up with being the joke on Howard Stern's lips and in the newspapers. I am, as you are, fed up with the inequality and the substandard quality of life.

My commitment to our city, and to you, the residents and taxpayers, the true heroes is so strong that my salary for the 1st year as Mayor will be \$1 (one dollar) with the balance going for (1) college scholarships (2) jobs and job training for Newark residents and (3) for the homeless and housing.

Now is the time for all of us to stand together and fight for what belongs to us • our streets • our schools • our children • our self respect. Now is the time to stand up against those who do not live here but who profit at our expense.

Together you and I will take our city to new heights. Together you and I will govern with fairness and equality to unite the entire city and all of the people.

Our next Mayor must be one who will govern in a partnership with the people - one who will share the knowledge of government in order to empower us - one who will give our children a clearer and brighter future - one who believes that government must be solely for and by the people.

But above all - our Mayor must be one who truly loves and respects both the city and its people and wants only the very best for it and them.

So, Newarkers register to Vote! Vote for Me Dr. Colleen B. Walton on May 10, 1994.  
A Vote For Our Future!

Sincerely,

Dr. Colleen B. Walton
